(54) Title: MASTED VEHICLE

(57) Abstract: The invention relates to a vehicle, such as an amphibious land and water vehicle or terrestrial vehicle comprising, vehicle sides; a seating deck where passengers are seated (preferably having capacity for at least 20, 30, 40 or 50 passengers); and a mast connected to the deck. The masts are preferably operable between a first position when the masts are raised and fully extended and sails deployed as described herein for transport on water and a second position in which the masts are retracted as described herein for transportation of passengers on land.
